## PRESCRIPTION RETRIEVAL SYSTEM

Saves 25% in Retrieval Time • Helps Eliminate Errors • HIPAA Responsive  
Improves Customer Service • Proven Successful in Many Major Chains

### EASY AS 1 - 2 - 3

**1**  
Pharmacist places filled prescription and receipt in clear HangUp Bag with customer name visible through bag.

*"In-store experience proves that this system saves over 25% of retrieval time vs. current bin or drawer systems and helps eliminate errors."*

**2**  
HangUp bag is hung on rack in alphabetical or numerical order. Hanging index tabs with both stick-on letters and numbers available.

At customer pickup correct bag is easily and quickly retrieved, and HangUp Bag is ready for reuse.

**3**

## RACKS

### HangUp Bag Rack Systems

- Provides Efficient, Economical Storage
- Displays A Wide Variety Of Materials
- Available In Several Useful Styles

#### STANDARD WALL RACKS

Standard shelf brackets with 3/8" steel rods. Available in 2, 3, and 4 foot widths which can be combined to create any size needed. Each rack can hold 4-6 rods depending on the bag size used.

#### DELUXE WALL RACKS

1/2" thick aluminum frames with 3/8" steel rods. Available in 2, 3, and 4 foot widths which can be combined to create any size needed.

#### REVOLVING RACKS

Floor stand with 3-5 revolving rings. Each ring is 20" in diameter and offers 5 feet of usable hanging space. Available with or without wheels.

## RACKS

### SINGLE AND MULTI-TIER REVOLVING FLOOR RACK SYSTEMS

Available in 1, 2 and 3 tier combinations. Each tier rotates for easy access and accommodates most bags, offering a wide range of storage possibilities. Additional tier(s) may be added to a 1 or 2 tier rack to meet your requirements. Each tier measures 20" in diameter.

### FREESTANDING RACK SYSTEM

Use the freestanding system on top of a desk, a counter or on any flat surface. The entire unit in attractive anodized aluminum is easily transportable and simple to assemble.

Style F 17" high x 30" wide x 8" deep  
 Style FS (short) 17" high x 16" wide x 8" deep
