## LM-200 Features

### Tire & Wheel Lift

- ★ Injury Prevention with the LM-200 Tire & Wheel Lift
- ★ With tire and wheel assemblies for today's vehicles weighing as much as 160 lbs it can be difficult and dangerous for one person to mount and demount
- ★ The off center column design allows for easier access to lug nuts, wheel balancers and tire changers
- ★ Variable speed control for raising and lowering wheel assemblies safely
- ★ This lift has steel rollers that allow for easier lug nut alignment

Coil hose provided for accessories
