| | **Introduction of the T4H Diagnostic Kit** | **Model(s): All pre 2008MY** | |

To: **All Authorized Repairers, National Sales Companies and Importers**

Attention: **The Managing Director/Retailer head of business/General Manager. The Service/After-Sales Director/Manager**

Dear colleagues,

This communication is to inform you of the introduction of the new T4H diagnostic kit to support earlier Land Rover vehicles in place of Testbook and current T4.

NOTE: **To benefit from the launch price discount please place orders immediately as supply of these units is likely to be limited due to high demand.**

**Overview**

As Jaguar Land Rover no longer supports Windows XP™ and to allow Land Rover retailers the capability to diagnose and service pre 2008MY vehicles, a handheld version of the T4 is now available which runs independently of the approved diagnostic system.

**T4H Diagnostic Kit**

| | | | |
|---|---|---|---|
|  | T4H Diagnostic Kit | | |
| **T4H Diagnostic Kit** | **Non-mandatory** | Launch<br>€2,451.43 / £1,885.71 | List<br>€2,785.71 / £2,142.86 |

The T4H diagnostic kit comprises of the following:

- Rugged diagnostic handset with full colour capacitive touch screen, SD Card slot, Wi-Fi connectivity and integrated Land Rover specific communications interface

- Single J1962 cable
- Legacy cables for Range Rover Classic, Discovery and Defender
- Quick start user guide
- Universal power adaptor for all markets
- USB lead for power and PC connectivity
- Rugged carry case with secure straps for cables and unit

**T4H Details**

- T4H utilises a new and compact interface, adapted to specifically support pre 2008MY Land Rover vehicles
- Designed to provide a simple, intuitive and powerful user experience from an ergonomically designed and rugged hardware platform
- A dual input control system allows navigation and menu selection using both the touch screen and or physical input switches
- Battery powered and charged while connected to a vehicles diagnostic connector, T4H also features 'instant on', a function designed to allow instant power up and operation from sleep mode
- Designed to run on the latest Android operation system, making sure of ongoing longevity of Land Rover specific software and vehicle applications
- Encased in a rugged and durable rubber shell, T4H has been designed for use in challenging and harsh workshop environments
- A 5" rich full colour LCD touch screen display for clarity and is wireless enabled for internet access and online software updates

**Vehicle Applicability**

- Defender **(all models up to and including 2008MY)**
- Range Rover Classic
- Range Rover (P38)
- Freelander
- Discovery Series I
- Discovery Series II
- Range Rover (L322)

**Benefits of T4H over the current T4**

- An improved and streamlined diagnostic experience
- More efficient vehicle identification and reading / clearing of diagnostic trouble codes (DTC)
- Faster entry into and navigation between diagnostic tests, live data, forced outputs and special functions
- Enhanced live data displays and printed reports
- Improved diagnostic workflow for replacement parts
- Fixes to known issues with T4, plus many other bugs

All retailers signed up to the Automatic Tool Supply (**ATS**) will receive the mandatory tools listed automatically and therefore will not need to order them.

To order the tool(s), visit our website at https://jlrequipment.service-solutions.com or complete the attached order form and forward immediately to your local Bosch Automotive Service Solutions office, or main office (detailed in the table below).

**NOTE: Please be aware that shipping costs and any local taxes are not included in this price, and will be added to your invoice.**

**Jaguar Land Rover tools and equipment are supplied by Bosch Automotive Service Solutions**

You should check the tool(s) immediately on receipt. If any discrepancies or shortages are discovered, please contact your local Bosch Automotive Service Solutions regional office or Bosch Automotive Service Solutions GmbH (details below) within seven working days:

Yours faithfully,

Doug Rose
